

Those of the Level Two's unaffected by the illnesses that abound in our schools currently, had a presentation called 'The History of the Kingdom of God – The Gifts'.

Starting at Creation we tracked the development of the stars, planets, constellations and galaxies, moving onto the mineral world, the bounty of the ocean, and the extraordinary gifts given to us in the plant and animal worlds.

Redemption reminded us that God's love for people was so great that he came to us in the person of Jesus Christ and how he is in a most particular way present to us in the Eucharist.

From there we travel into and across the blank page on which we all write with God the history through to Parousia when 'God will be all in all'

the bread and the wine gifts from the north that become for us today's Christmas party.

I think I like pink best

Thanks to Judy wagg for the photos!
